

# Flamingo Flocking FUNdraiser

for

**Surprise your fun-loving friends or business owners by sending a FLOCK OF FLAMINGOS to roost and decorate their front lawn.**

Starting April 1<sup>st</sup>, a flock of 12 plastic pink flamingos can be sent to your friend's house or business for a \$50 or more donation to NNS (covertly placed on their front lawn by our fabulous flocking crew or placed yourself).

There will be five flocks descending on island, and every two days the flock will migrate to a different lawn during the month of April.

Should you find a flock in your yard, there are two ways to send them on their way. For a donation of \$50 or more, you can have them removed by our flock wranglers and choose another flocking location OR join in the fun and move them yourself to an unsuspecting friend's lawn (fun for the whole family!).

The flock flight patterns will be determined by first-come, first-served.
